

MAIL to SELF

Dear [Dental Assistant Name],

I just wished to express my gratitude and appreciation for the kindness and courtesy shown to me by you and your staff while getting my treatment done. I got my Lumineers the day after my 65 birthday on December 10th and it was the most precious gift I could have given myself. What a fabulous change!

It appears as if everybody is now smiling at me, and yet I know it is because I am smiling more myself. My self-esteem has definitely gone up many notches. I just wish I had gotten them sooner. My New Year's Resolution is to take proper care of my beautiful teeth and keep on smiling.

Sincerely,

[Your Name]
