

To,

*David Carvajal*

*(Senior Supervisor)*

*Respected Mr. Carvajal,*

*As an Eagle Scout, I have worked with a lot of team leads on a variety of projects. However, I can safely say that working with you was one of my best experiences as an Eagle Scout. You have that X-factor of leadership that allows you to take charge of a situation. It's something that I aspire to learn from you. Thank you for allowing me a chance to work with you. Down the line, I can see myself following in your path and keep giving back to the society. I know it's not easy to dedicate a large portion of one's life to social work, and that's exactly why I'm writing this letter to you. Your astounding efforts should be acknowledged. I hope that our paths will cross again and we will get a chance to work together once again.*

*Regards,*

*Danny Donald*

*(Eagle Scout)*
