

*Dear Ms. Rose,*

*You might not know me, but I've been following your work in the projects for quite some time now. It has been nothing short of refreshing to see the youth making things better for the country. My name is Di Maria and I'm a philosophy professor at the Santa Maria college. I want to thank you for your efforts and the changes you've brought about in the projects. The opening of the free clinic on Sundays is something that will definitely help a lot of people here. If you do need any support or resources, you can write back to me anytime. I'm sure that my students will also be delighted to lend a helping hand. Once again, thank you for taking out time and tending to the needs of people in the projects.*

*Regards,*

*Dr. Angelo Di Maria*
