

*Respected Mr. King,*

*Ever since I can remember, I've always wanted to be an Eagle Scout. This is the first ever letter that I'm writing to anyone. My name is Josh and I study in the 7<sup>th</sup> grade. I will enroll in the BSA program as soon as I become eligible for it. When you came to our school and told our class all about the activities of boy and girl scouts, it really impressed me. I really want to become an Eagle Scout and help other people. I want to learn all the skills that you have learned. I hope you will write back to me and help me become an Eagle Scout like you. Thank you for visiting our school, and I hope that you visit us once again soon.*

*Yours,*

*Josh Denzel*
