Dear [Donor Name]

I feel honored to receive the 2021/2022 [Scholarship Name] at [College/University Name]. It gives me great pleasure to express my sincere thanks for your continued assistance to all those students who need financial help the most.

I am in the first year of the nursing program and hope to serve the sick and disabled one day and work at a renowned hospital. I also want to serve the community as I want to give back to society someday.

In my free hours, I also volunteer at a local animal shelter on Sundays. My job is to help the cute cats to socialize and walk dogs every week.

This nursing scholarship has opened a new prospect for a brighter future and a new door for me. It will play a vital role to shape me into a successful nurse in the future. Donors like you bring a smile to the faces of needy students like us. I sincerely hope that I will be also in a position to bring smiles to other needy students one day.

I cannot express my appreciation and thanks enough and would like you to know that your generous assistance will help me to achieve my career goals.

Sincerely,

[Your Name]
