Sub- Thank you for Physician Assistant interview

Dear Dr. Mindy,

I, Mary Parkar, am writing this letter to thank you for setting aside time to meet and interview me for the position of Physician Assistant on 5th October. I have dreamt of being part of XXX medical centre since my educative years. And I am so glad that I got an opportunity to attend an interview. It was indeed a great privilege.

During my interview process you had mentioned that you are looking for a candidate who can set aside XXX hours during a week. I would like to reaffirm that I am willing to do so gladly. During my previous internship with XXX medical institute I gained enough experience by working for long hours, and I am used handling challenging circumstances. I work with a lot of passion and dedication and I genuinely want to work for the well-being of the people in our society.

I believe my passion for helping patients and my educational qualifications make me a suitable candidate for this role. If you have any further question, kindly contact me on XXXX ( mention your phone number) or you can email me at XXX ( mention your email id). Thank you once again for taking time out to interview me. Looking forward to working with you.

Yours truly,

Mary Parkar
