Phone number:

Dear Professor Marcelo Bohrt,

I am Linda Aouine, a final-year student at the School of International Service, American University. Sir, I need a letter of recommendation for my further studies. I am planning to apply to a few universities for the Master's program.

Sir, I would like to remind you that I had written an email on 23 April 2021, requesting a letter of recommendation for the same purpose. It seems you have been very busy these days as I neither got a reply nor the recommendation letter as yet.

May I request you to kindly issue me a letter of recommendation for further studies? In the attachment, you will find all the details of the projects I have completed under your guidance and supervision.

Yours Sincerely,

Linda Aouine
