

*Dear Jonas,*

*The Church and I would like to extend our heartfelt gratitude to you spending your entire day educating young minds of our congregation. I truly appreciate the care, energy and time you put in so that the young ones can learn from you.*

*It is guidance like this that shapes the youth for the challenges they will face in the future. We are sure to reap the benefits of having an educated and kind patron such as yourself. We are honored that you are part of our congregation and cannot wait to see the fruits of your efforts.*

*I am attaching some photos from your day with the children. Once again, I thank you for all your effort and time.*

*Thank you,*

*Pastor Charles*
