

Dear \_\_\_\_\_,

*Thank you for taking me in as a student teacher and supervising me all along. I know it's not easy to have an extra person in your classroom. But, you made me feel so comfortable and welcoming.*

*Thank you for letting me participate in all your important meetings. It helped me learn a great deal about this profession, which I would have missed out otherwise. You taught me how to teach and love every student. You showed me the good side of this profession, and helped me grow as a teacher.*

*I will be forever grateful to you for inspiring me. Without your amazing supervision, I would have missed out on understanding the beauty of this profession. Thank you for everything!*

*Warmest regards,*
