

## **Thank you letter after receiving donation for animal rescue**

Subject: Thank you for your generous donation for animal rescue

Dear Robert,

Let me start by thanking you for your generosity.

Your recent donation of \$ (amount) shows how much you care for animals that have undergone abuse and need help to get a better life.

Our nonprofit (name of organization) is dedicated to rescuing and providing shelter to animals that have been abandoned or treated badly by their owners. It is a herculean task to look after them and your donation will help us provide them a comfortable shelter, food, and medication. Not only that, rescue animals often find their forever homes through our organization and a share of the credit goes to you too.

Donors like you make it possible to give homeless and abused animals a second chance. Our volunteer intense nonprofit has a lot of kind people who are always ready to lend a helping and healing hand towards suffering animals. What we require the most is finance to keep our mission afloat. With donors like you by our side, we have reason to get motivated and pursue our goal.

Thank you once again, We love your support.

Best always,

(Your name)

(Your designation)
