Subject: Expressing gratitude for the loan approval for my medical treatment

Dear sir,

I am John S Garcia, and I applied for a loan for my chemotherapy a few weeks ago. Today, I received a letter stating the approval of my application. I would like to express my sincere gratitude for processing my loan quickly.

With this loan money, I can finally start the chemo treatment for stage 2 skin cancer. I have had cancer before and this is a relapse. To be honest, I was very vexed about my treatment due to my financial constraints. The last treatment had dried up my savings and when I got back the PET scans a few weeks ago, I wasn't very hopeful about my chances.

Your bank's quick loan approval has helped me feel hopeful about my health again. I really appreciate the loan manager assigned to me for helping me with the process as I often got tired and confused during our meetings. Once again, thank you for your efficient work. I will never forget your kindness.

Yours sincerely,

John S Garcia
