Subject: Thank You Letter for a Post Residency Interview

Dear ABC (Name of the College Program Coordinator),

I would like to thank you for taking out the time from your hectic schedule to interview me for the residency program at your dental institute. I am amazed to know various aspects of the program offered by your institute. After this interview, I am more excited to join this residency program.

Thank you once again for taking my interview and giving me a walkthrough of the benefits and course structure of the dental residency program. Please contact me if you have any further questions. Hope to hear from you soon.

Sincerely,

(Signature)
