

Subject: Letter of Appreciation

Dear team,

I wish to extend my heartfelt thanks and congratulate all of you on successfully completing project XYZ. I am aware of how many all-nighters had to be pulled to complete it within the deadline. Your team's hard work, dedication, and tenacity shone through and this wouldn't have been possible without everyone doing their part with zeal and commitment.

Your team saw this through till the end, despite the drawbacks we faced in between. I am proud of the end result we saw today. I, along with other seniors am thoroughly impressed by the excellent resource management the team has done.

I hope all the other teams get motivated and learn from the example you have set. Once again, a hearty congratulations!

Best wishes
