Dearest Dad,

I feel this is high time I write how thankful I am for your presence in my life

Dad, I am thankful that:

Reason 1

Reason 2

Reason 3

Reason 4

Reason 5

Reason 6

Reason 7

Reason 8

Dad, I yelled at you when I was a precocious adolescent rebel. But, you always stood your ground. That helped me from going ashtray. I said that you hated me, but those were all my anger speaking. I myself never believed that. Yes, I used to be frustrated with you for being so strict. But even then I knew all your words and actions were manifestation of love and concern for me.

Here's a giant heartfelt THANK YOU, Dad. There are a lot more reasons for which I am really thankful. I hope to shower you with many more thank you letters so that I have the chance of covering all those reasons.

I love you!

Your Loving Son
