My Dear Father,

Hope you are doing great!

I would like to take the opportunity and thank you for being in my life from my birth. You have been an amazing father to me and I can only hope to be like you for my children.

You have always stood by me through all the good and bad times. You have always been the rock solid support whenever I needed that the most. You have been my guiding star who helped me understand the right from the wrong. You gave me the wings to explore and always caught me whenever I fell.

You were my Hero and you still are - inspiring me in every step of my life. Your presence is something I will always seek for as I cannot imagine my life without my real life Hero!

Today, I am a successful person because I have a dad who believed in me and my dreams. You have always taught me to dream and motivated to achieve my dreams. You have always infused me with positivity and high spirits. Whatever I know today, you are the reason behind it.

I have grown up listening to your advises and I loved entertaining you with my jokes. You know what was best about that - you have never complained. I still love the fact that you have always been so patient with my stupid stories and senseless talks. Your patience and perseverance is what makes you so special. You have also made me feel special every single day. I am thankful for the time you devoted on me - right from feeding me to taking me to hikes to making me do homework. The list still remains endless.

**Dad you always made me happy. Thanks for being you and I promise you I'll be there by your side as you have been by mine till now!**

Love Always,

XYZ
