Dear Dad,

I am writing to express my immense gratitude for everything that you have done for me for my entire life. The love and care that you've given me all these years have been my guiding light as I move forward in my life.

Words can never express how much thankful I feel - you have always been there for me. You accepted me the way I am and supported me in my endeavors. You loved me and cared for me in both good and bad times. The best part is you showed confidence in me and supported my decisions when no one else did.

Thank you so much for everything.

Regards,

XYZ
