Dear \_\_\_\_

Thank you so much for agreeing to photograph my child's first birthday on such short notice. I am so grateful to you for capturing the most beautiful pictures. I know how difficult it is to deal with toddlers, but you did it so efficiently. My family and I loved every single picture you took, and we will assuredly recommend you to our friends and family. There are many more celebrations and events coming up, and we hope to hire you for the same. Thank you once again for being so efficient and professional.

Kind regards

(your name)
