Dear Mom,

I am writing this letter to thank you for always being there for me and supporting me throughout everything. You have been like a pillar for me. You always stood tall and battled every trouble for me. You have been there with me through thick and thin. I might be a 22 year old adult for everyone else, but for you, I will always be your son.

Thank you for always guiding me and telling me the difference between right and wrong. You are my role model and my biggest support system. Thank you for giving me all the life lessons and always blessing my life with your presence.

I am forever grateful to you. I am sending a small gift for you. Please wear the dress I have sent this weekend because I'm taking you for lunch. Looking forward to seeing you soon. Sending you love and hugs.

Yours Lovingly,

ABC (Your Name)
