Subject: Thank You Note

Dear Miss XYZ,

I cannot tell you how much I appreciate you being Bob's kindergarten teacher. Previously, he had always been a shy boy and would throw a tantrum when he had to go to school. He really did not like going to his previous daycare because it felt like a foreign place to him.

However, after we changed his school and you came into his life, he has begun looking forward to going to school! You have made him feel so comfortable, and his personality has begun to open up. I cannot thank you enough for what you have done for my boy. Every day after coming home we get to listen to his stories "Miss XYZ did this, Miss XYZ taught us that"!

He genuinely enjoys learning under you too. You have such fun and innovative ways of teaching the kids maths! We hear all about the games and rhymes you use for keeping the kids involved in the class. A teacher like you is truly a blessing in disguise!

Yours sincerely
