Subject: Appreciation Note for Teacher

Dear Mister JKL,

A very happy Teacher's Day! I wished to express my heartfelt gratitude to you for being such a supportive and understanding teacher. The children are truly lucky to have a wonderful teacher like yourself. Your guidance is irreplaceable and of such importance in this new stage of their lives. A caring, nurturing guide, who fosters creativity and innovation at this ripe age is very much required, and I could not think of a better fit for the job.

Anybody can see how passionate you are about your job and how much you love children. You approach every new day with excitement and fresh ideas and make kindergarten such a fun place to be. I am sure all your students look forward to coming to kindergarten, in your classes where learning meets fun. Your ways of teaching them things are so interesting that even an adult like myself feels like jumping right in! I am glad that my child got the chance to learn under an amazing educator like you.

Yours sincerely,
