Dear Madam/Sir

It is an honor to be the recipient of one of the prestigious scholarships. A bigger honor has been to meet you personally and get to talk to you. Thank you by bearing the burden of my studies and thank you for your generosity.

Growing up, I always wanted to contribute to the medical field and your grant will help me in that endeavor. It has always been my dream to work for humanity and this opportunity will help me in earning skills sought by the medical community. I sincerely thank you for considering me for the grant.

The scholarship will help me earnestly in earning credentials in doctorate, which as you know requires extensive coursework and training. Working as a volunteer in the developing world, I have realized the real value of medicine. I have not only worked closely with the disease stricken but have tried to understand their needs for emotional support. I am committed to the education and will in course of the year work with various communities committed to the well-being of humankind. Thanks to your generosity, I can now invest more time to volunteer work instead of looking for jobs to pay for college tuition.

Once again thank you for the scholarship and a vote of confidence in my abilities. With your support, I am one step closer to achieving my dream. I look forward to keeping in touch with you and keeping you posted about my volunteering assignments.

Sincerely
