Hello Sir/Ma'am

It has been <mention the amount of time passed> since you helped us secure our loan. So I am just dropping a letter/email to stay connected. The confirmation brought great joy to us as we could now use the loan to <mention what the loan was used for, like – buying a house, property or for renovation>. I am writing this to inform you that we are happy, thanks to your efforts in finding us the right lender.

Hope this letter/email finds you in good health. I have recommended your name to friends and family and hope that you would be of great help to them also.

There are some more investments in my mind for which I would require your help. I will inform you as soon as something materializes.

Thank you again for helping us. Looking forward to working with you soon.

Warm Regards,
