Subject: Expressing gratitude for coaching

Dear coach Manson,

Today, I received the confirmation letter for the sports scholarship from Florida State University. As you know from our previous conversations, you know how much this means to me, and I got in because of you. So, I write this letter to express my sincere gratitude for all the support you have given me.

Four years ago, I wasn't the most motivated athlete to enter high school. Then, you took me under your tutelage and changed my life. You always pushed me hard to hone my skills as a sportsperson and stood by my side whenever things got hard. I want to thank you for all your guidance as that is why I am where I am today.

Yours Sincerely,

Gina Rodriguez
