Subject: Expressing gratitude for coaching

Dear coach Jenson,

I am Cornelia Mathers- we met yesterday during the open house at the University of Virginia. I am writing this letter to let you know how grateful I am for the tour you gave me of the college. As a freshman and a new athlete under your purview, I had a lot of questions to ask, and you patiently answered all of them.

I also appreciate how you took some time out to watch me and the other students play our respective games. I wasn't able to catch up with you yesterday for feedback. I was wondering if you could share your take on my skills and let me know how I can improve. I look forward to your reply. Thank you in advance.

Yours Sincerely,

Cornelia Mathers
