Subject: Expressing gratitude for coaching

Dear coach Willows,

I am thrilled to have made it to the main team in the upcoming match. I write this letter to express my gratitude for this development.

Being a hockey player has been a lifelong dream. My father was a university-level hockey player, and I have always admired him for his sportsmanship. Today, being selected among the main players is a wonderful achievement as I can finally work towards becoming an athlete as good as my father. I have only you to thank for the trust you have put in me by selecting me today.

Since I joined the team, you have always been very supportive and encouraging, giving me feedback on how I can improve. I feel I have evolved a lot as an athlete under your purview. As the match draws closer, I am excited and nervous at the thought of being among the main players. I hope you can continue supporting me on my journey as you have done so far.

Yours Sincerely,

Kevin Spencer
