

# MAIL to SELF

---

Dear \_\_\_\_\_ (sweetheart's name),

I received your goodbye letter today. I will not lie; it was hard to read it. I choked up a couple of times while reading your letter.

What we shared was special. It will be hard to live without you. I am pretty sure that I will miss you.

But what comforts me, is the fact that you are an independent man/ woman. You know how to take care of yourself. You have always been better at it than I have been. I wish you all the best in your life. As you would say, rock it!

I will always love you!

Your truly,

\_\_\_\_\_ (your name)
